

CCCS

DUAL ENROLLMENT

PROGRAM

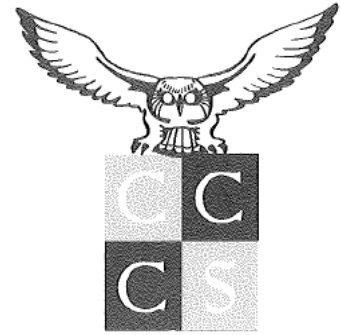

“And this is my prayer: that your love may abound more and more in knowledge and depth of insight, so that you may be able to discern what is best and may be pure and blameless until the day of Christ, filled with the fruit of righteousness that comes through Jesus Christ—to the glory and praise of God.”

- Philippians 1:9-11

CALVARY CHAPEL CHRISTIAN SCHOOL

98-1016 Komo Mai Drive

fax: 808.275.5193
email: cccs@hawaii.rr.com

Dear Parents and Students,

Thank you for your interest in the Dual Enrollment Program at Calvary Chapel Christian School. By enrolling in Dual Enrollment courses, your child will be able to earn college credit and high school credit at the same time. In addition to preparing your child for college success, this opportunity can save them thousands of dollars in college tuition.

These courses are optional and require an additional cost for tuition and fees. Your child must meet the qualifications of the program to be accepted.

The Christian Universities we have partnered with share our vision of giving the best opportunity for our students to develop a strong intellectual and moral character, and a Biblical perspective on the total world view. We desire our students to be Christlike influences in the world doing everything is such a way that pleases Him.

If you have any questions pertaining to our Dual Enrollment Program you may contact Mrs. Davis at m.davis@cccsofhonolulu.org.

In His Grace,

Pastor Ed Arcalas

FREQUENTLY ASKED QUESTIONS

What is Dual Enrollment?

Dual Enrollment courses allow qualified high school students to enroll in college level classes that earn both high school and college credit at the same time.

What are the qualifications to be enrolled in Dual Enrollment courses?

- ✓ Be in the 10th-12th grade
- ✓ Meet 3.2 GPA
- ✓ Meet with guidance counselor
- ✓ Earn qualifying score on Math or English placement test, if required
- ✓ Earn qualifying score on SAT's (only applies to UNWSP)

Please refer to the specific university and inquire with the CCCS Dual Enrollment Coordinator.

When do students complete coursework?

On-line courses:

Students will work on their On-line Dual Enrollment courses during an assigned period in the school day. The online classes are led by the university instructor and a CCCS teacher provides support and guidance. If coursework is not completed during the school day, it is the student's responsibility to complete their work at home and submit their assignments when it is due. It is important for students enrolled in On-line Dual Enrollment courses to be diligent and maintain good study habits as their grade will remain on their permanent college transcripts.

On-site courses

We also offer a limited selection of CCCS taught dual enrollment courses. These courses are taught by CCCS faculty using our school's curriculum. Students in CCCS taught dual enrollment courses will be given college level coursework that is to be completed when instructed in class or at home as homework.

Are Dual Enrollment courses transferable?

The universities we have partnered with are regionally accredited; therefore most universities that accept transfer credits should accept the dual credits. Some courses may not be accepted within the student's area of study. It is the student's responsibility to contact the appropriate college or university to see if the Dual Enrollment course(s) will be accepted.

How many Dual Enrollment courses can students take?

Students are limited to taking two dual enrollment courses a semester unless approved by the CCCS Administration.

What is the difference between Dual Enrollment courses and Advanced Placement courses?

AP courses require students to pass the AP exam at the end of the school year in order to receive college credit. Dual Enrollment courses grant credit based on the completion of the course with a passing grade of "C" or better. The grades students receive in Dual Enrollment courses are permanent and will appear on both high school and college transcripts.

REMINDERS

TEXTBOOKS FEES

On-line courses

Students enrolled in on-line Dual Enrollment courses will also be expected to purchase the assigned textbook for the university course which they are registered in. Please inquire for more detailed information on the materials required for a particular course.

On-site courses:

Students enrolled in on-site Dual Enrollment courses will be using the school curriculum which is covered in the CCCS student text book fees

CREDIT AND GRADING

Final grades for Dual Enrollment courses will be reflected on both the student's high school and college transcript and on the college's permanent record. Because Dual Enrollment coursework becomes a permanent part of the student's college transcript, it is important for students to be diligent and maintain good study habits in these courses: **the grades earned under dual credit are permanent and cannot be removed from a student's academic record.**

GPA

Dual enrollment courses will be weighted in the calculation of the student's grade point average (GPA) on a five point scale. (A=5 points, B=4 points, C= 3 points, D=2, F=1). When applying for colleges, please note that the weighted GPA is different from the student's unweighted GPA. When looking into colleges, inquire if they will be looking at your weighted GPA or unweighted GPA.

STUDENT EXPECTATIONS

Students must maintain a 3.2 GPA or above in order to stay in the Dual Enrollment program. The universities we have partnered with are committed to ensuring that Dual Enrollment students experience the same level of instruction, resources, and rigor that traditional college students receive. Students are expected to be grounded in the Word of God, determined to succeed, and be independent in his or her work and study habits. Since students in the Dual Enrollment program will be treated equally as college level students, it is important that they are prepared for the challenges of the college level coursework.

REFUND POLICIES

Please refer to the university your child is enrolled in for information on their refund policy. Payments are made directly to the university. Calvary Chapel Christian School is not responsible for handling any payments or refunds for Dual Enrollment courses.

Why take dual enrollment courses?

If you have a true interest in a subject area and are willing to work hard, consider taking dual enrollment courses. You will gain exposure to the rigorous course work expectations in college.

You will be able to:

- transition easier between high school and college
- Demonstrate to colleges and universities an ability to succeed in rigorous academics
- Boost your GPA
- Gain an edge: College admissions officers look favorably on students who take challenging courses
- Challenge yourself in more demanding classes
- Improve writing skills and sharpen problem-solving techniques
- Develop study habits necessary for tackling rigorous course work
- Study subjects in greater depth and detail
- Take classes with others who want to achieve and learn
- earn credit for college and high school simultaneously
- save money on tuition expenses
- get a head start on college

GRAND CANYON UNIVERSITY™

Vision

Grand Canyon University is a premier Christian university educating people to lead and serve.

Mission

Grand Canyon University prepares learners to become global citizens, critical thinkers, effective communicators and responsible leaders by providing an academically challenging, values-based curriculum from the context of our Christian heritage.

The curriculum at GCU is designed to prepare students with the skills and knowledge needed in the contemporary job market. Students are challenged to develop these tools and to push their intellectual limits in order to become successful in their careers.

In addition, the curriculum fosters personal discovery so that students realize within themselves the elements of compassion and accountability. A uniquely important element of the GCU mission statement is the defining attribute of its Christian heritage. The GCU community defines its culture by the way its members reflect a committed relationship with Christ and creates the GCU experience in a manner that reflects His teachings to support students and graduates through a successful life journey.

These normative Christian values are integral to the development, maturity, and education of ethical and morally respectable citizens who continue on the path of life-long learning. Each element or objective of the GCU mission statement is uniquely addressed in the GCU curriculum and by the GCU culture, which shapes a rich learning environment from which students graduate with professional and life skills.

When learners graduate from GCU, our expectation is that they will be global citizens, critical thinkers, effective communicators, and responsible leaders.

Colorado Christian UNIVERSITY

Mission Statement- Colorado Christian University cultivates knowledge and love of God in a Christ-centered community of learners and scholars, with an enduring commitment to the integration of exemplary academics, spiritual formation, and engagement with the world.

Christ-centered community- Our community of interdependent students, faculty, and staff seeks to honor and obey Jesus Christ, who is present in Spirit and speaks in Scripture, and to advance God’s purposes in the lives of every member.

Exemplary academics- Our undergraduate and graduate curriculum integrates faith and learning in a scholarly environment that fosters critical and creative thinking, academic excellence, and professional competence.

Spiritual formation- Our academic and student development programs cultivate a deep and enduring faith that affirms the authority of Scripture and embraces Christ as the authentic center of life.

Engagement with the world- Our students experience and engage the world in ways that prepare leaders to serve and transform their professions, churches, and communities

Vision Statement- We envision graduates who think critically and creatively, lead with high ethical and professional standards, embody the character and compassion of Jesus Christ, and who thereby are prepared to impact the world.

Regionally Accredited By: Colorado Christian University is regionally accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.
